

JEFFERSON WOODS BLOCK WATCH **INTEREST MEETING**

Our neighborhood has seen an increase in crime in recent years. Examples include the recent home invasions, home break-ins, CVS/Duke robberies, theft and vandalism.

Many residents have expressed interest in a sustainable, long term, relevant block watch network (not the same as a neighborhood patrol) for Jefferson Woods. In order to have strength in numbers, we are attempting to organize a block watch network for the entire Jefferson Woods Addition (Jefferson Road to the North, King Ave to the West, Catalina Drive to the South, and the 21st Street to the East).

MEETING DETAILS:

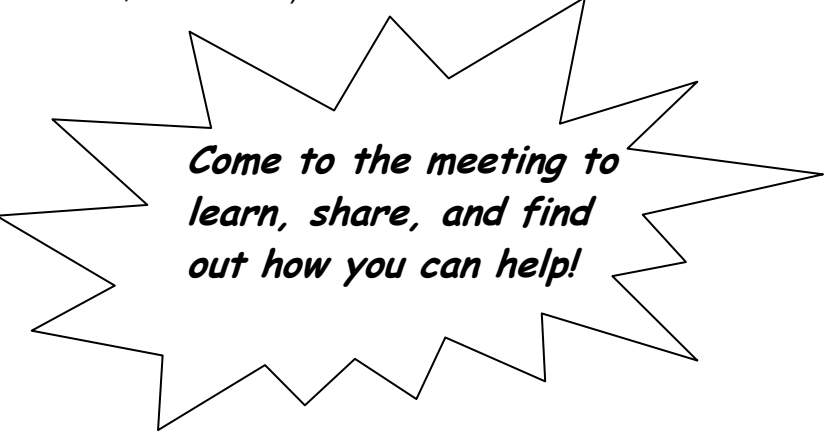

WHEN: SUNDAY, DECEMBER 7th at 3:00 p.m.

WHERE: NEWARK FIRST BAPTIST CHURCH, 1000 GRANVILLE ROAD (adjacent to OSU Newark Campus - Please use the far East entrance at the rear of the church)

- NPD have been asked to have more presence in our neighborhood during this meeting time
- A representative from NPD will facilitate a discussion about block watches, share safety/observation tips that can be utilized right away, and answer residents questions – please bring something to write with and a pad of paper to take notes
- Seek input for what you want to see in a block watch
- Solicit attendees interest in participating, being a Street Captain, Block Captain, a member of the core Committee, or be Chairperson for the whole organization
- All residents in Jefferson Woods and community stakeholders/resources have been invited to this meeting (i.e. City Council, City Administration, and media)

***Bring safety
back to OUR
neighborhood!***

***Come to the meeting to
learn, share, and find
out how you can help!***
